Dear Family,

The AVID Elective is a 6th through 12th grade component of the AVID Secondary System that prepares students in the academic middle for admission to a four-year college or university. Students take an AVID Elective course throughout middle and high school providing them the skills needed to be successful in advancing academically with the ultimate goal of attending college. The AVID Elective supports students as they challenge themselves in more rigorous classes. Students are taught study, note-taking, time management, writing, and research skills, while being immersed in a college-going culture. Students refine and develop these skills through a multi-year curriculum. The elective class also includes tutoring sessions led by college students and provides support for success in academically rigorous curriculum. Additionally, the AVID class provides access to information about colleges and universities through field trips, guest speakers, college tutors, scholarship opportunities, and college admission requirement information.

Application process:
